

The American annual monitor ... or, Obituary of the members of the Society of Friends in America Index

Vol. 1-6 1857-1862

**Located at the Indian River County Main Library, Vero Beach, Florida in the
Archive Center and Genealogy Department, 2nd Floor**

For some time prior to 1857, Friends in Great Britain and Ireland published an Annual Monitor, designed to be a record of all of the deaths of members of Society of Friends in Great Britain and Ireland. New York Tract Association of Friends formed a committee to publish a similar record in the United States, beginning with deaths in the year 1857. The published obituaries for each year of the Annual Monitor consist of abstracts of those records of the deaths of the current year forwarded by correspondents in each of the Monthly Meetings throughout the country.

Please be aware that places in Iowa (IA) and Indiana (IN) were mislabeled in the original books. If you are looking in either state, please look under both.
