

# Books with a Genealogy / History Theme

Several years ago, members of the list [Librarians Serving Genealogists](#) made suggestions on books with a genealogy theme and consequently a list was compiled. Much of the list can be found at: <http://freepages.genealogy.rootsweb.ancestry.com/~jkidd/fiction.htm>

Through the years, other readers from around the U.S. have made contributions. I added the titles and rearranged the list so it was available in author and title order. I have not read or reviewed most of these books, so I am uncertain of the classification and if they have a genealogy theme. Please let me know if you feel it should be changed. AND, if you have read one that is not on this list, please send it to me.

## WORLDCAT.ORG

From Karen Ramos, Stockton-San Joaquin County Public Library --- You can get interesting lists of genealogy fiction for adults and for children at <http://www.Worldcat.org>. Using the Advanced Search:

- Change the Keyword drop-down menu to subject and enter GENEALOGY FICTION. Set Audience to JUVENILE or NON-JUVENILE (separate lists are easier to use.)
- Set Format to BOOK (Otherwise you get too many multiple entries)
- Set Language to ENGLISH (There are at least a few in foreign languages.)
- Sort the resulting list by Author
